Collaborate w/ students, peers, parents & community members using digital tools & resources to support student success & innovation.
Hi, my name is Beast.

Let me tell you about Wolverine.

You might be wondering what's the big deal?

Wolverine could've tripped.

He could've ran into another student.

Wolverine, walk, don't run.
Wolverine has been showing improvements.

But during lunch time one day, I guess he was really hungry because he started to skip the line. I caught him and pulled him from the line.

Why did you skip the line?

I don't know.

Wolverine, the rule is to wait your turn.

Okay, I understand Beast.
Wolverine, you're playful today. Please be careful.

Did you just kick someone?

Okay, I will.

Keep your hands & feet to yourself!

It is impolite to harm someone.

I won't do it again.
Wolverine has been following the rules for weeks now.

I like to follow the rules now.

I also want you to remember to play fair.

Wolverine has come a long way.

The End...
